  Per: 81.20   [2016-2017]

Career Objectives

To join an esteemed organization where I can utilize my growth while gaining experience and enhance personal and professional knowledge where I can be a part of fruitful environment of the company.

Projects

Home Security System using Arduino (Academic Project)
Mar-2023
- We have designed an interesting and cheap home security system. This Gadget helps you to protect your house from thieves and also helps us to save energy.
- The project involves the use of Arduino, motion sensor, buzzer and a Program. The sensor detect any motion in its permissible range and triggers the alarm.

Personal Portfolio Website
Nov-2023
- Created a responsive website using HTML, CSS, and JavaScript to showcase personal projects, skills, and resume.

V-Perfumes Clone Website
Dec-2023
- Developed a replica website inspired by V-perfumes, showcasing skills in web design, UI/UX, and front-end development. Implemented user- friendly features and functionalities, contributing to a comprehensive and visually appealing online platform.

Other Mini Projects

- Calculator
- Weather App
- To-Do List
- Text Editor
- Clock App
- Student DB CRUD

Tools

- Eclipse
- Subline Text
- V S Code
- Postman
- MySQL
- Oracle SQL++

Operating System

- Windows
- Linux
- Mac
